Cobot Welding Systems

Maximize Efficiency

Flextur's Cobot Welding Tables

36" x 36" Cobot Welding Table

Flextur™ 36" x 36" Pin and Clamp Style nitrated Welding Table for use with Flextur Cobot Docking Station. As a part of the Cobot Welding System by Flextur™ this Cobot Welding Table assists in creating an extremely accurate, efficient, safe, and highly productive cobot welding solution.

- 1/2" Nitrated Top with 1/4" x 2" support struts
- 16mm Holes
- 2" Grid Pattern
- +/- .015" Surface flatness

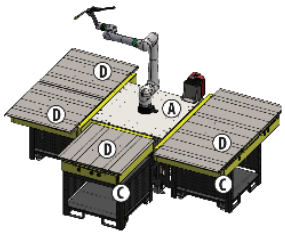

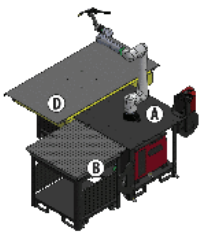

Part Number: **71500069**

Requires Docking Station (sold separately)

The Flextur Cobot Welding System solves these three major issues:

1. **Complexity in Automation:** Designed for simplicity, it ensures ease of use and repeatability.
2. **Transitioning from Hand Welding:** Streamlines the shift to automation, making it seamless for your team.
3. **Slow Changeovers:** Enables faster setups to mazimize arc-on time and boost productivity.

Flextur's advanced Cobot Welding System is equipped with Quick-Change Fixture Plates and has proven to boost productivity by over 300%!

When working with Flextur, you too can experience a surge in your metal manufacturing output, address labor and skills gaps, and overcome fixturing challenges.

The Modular Design of the Flextur Cobot Welding System adapts with you.
