Engineered for the Long Haul

Flextur Industrial Metal Storage Bin Door Kit

2 Door Kit

Upgrade your storage capabilities with the Flextur Industrial Metal Storage Bin Door Kit, designed to enhance the security, accessibility, and functionality of Flextur's steel industrial bins. This easy-to-install kit allows you to add durable folding doors that open and close smoothly, providing quick access to materials while ensuring everything stays securely contained during transport or storage.

With its fold-up/fold-down design, this door kit minimizes obstruction and maximizes efficiency, perfect for manufacturing floors, warehouses, and industrial workspaces. Whether you're organizing tools, components, or in-process materials, this kit helps you maintain a clean, safe, and highly functional storage system.

Built to withstand tough industrial environments, the door kit is the ideal solution for anyone looking to optimize material handling and improve workflow in demanding settings. American made in Dalton, Ohio U.S.A.
